NOTE AND COMMENT.

Seathern woods are full of usen who bill creational torse for their feathers. The southern lideds are no as struction musclams as many of Northern extraction, but their alternates in demand to about the leads of daniseds who we calculate the horizoned faither. Soon file plates to masters with be going tailers from file plates for dones with be going tailers from file plates in the point of the free with the form of the first plates of the law on their beautiful fil should be made a point offense to destroy tirds recklessly for more gain. Women should refuse to allem themselves with siten nophes of death, but the inducents.

Horatic King once nosings a month, to see these these these themselves with the more considered to the inducents.

Horatis King, once postunas engered, long ago, has undertaken to decide what income amon should have to marry on. There are many other questions as easy as that to write about. He might discuss the probable size of outlans, or the size of a post of a latter. The means to marry on depends on the woman is most cases, and the main a few. Their station in life, the country and circumstances, all these combined affect the question. As a general rule, if a young man is dotting well and only all passibilities he can include a decided to marry. A good whe is a "help moet," an identical of credit, and if she can monage well, and he carn well, marriage will establish and not hinder. The range of marriage will establish and not hinder. POBILAND THEESDAY, APRIL 11

The Gregorian,

Mr George Wil iam (urbs of Horges e Mockly makes President Harrison's refusal to reappoint Pearson postmaster of New York crucial test of his smeerity as a full ervice reference Curtis virtually admits that Pear-on renomination by Ceveland was understood to be the magazing share of the New York spoils that it was an notinced that it must not be tak it as a life cedent that it was mark, and it is not by with the normal on of the corrupt applies man Higgins to the dipointment bureau of the fre ary. In other words Curtis is a type; just to apter President Hirmond jit a far and not further is he mines Mr (leveland When itis remembered that Mr Cleveland is a cryst service reformer was a cheep shallowed the and lunkhead when not each berate fraud. is difficult to understand how Mr. ( urns c m unterely curse or congritulite President Harrison according as he repeats or reputa-ates the career o (hydrend Harrison assumed the previency tramme od by no please beyond the decurition that he would execute the kwa in letter and spirit as effectively as possible while Ceve and come into office tempered and handlenged by the jectic promises not on vo his letter of acc ptance but by those of his bingruing core joud ence and his blatint in ugur d. Glevelyn 1. came into office to ded town with a specific cknowledgment of milebrodues to muguumns he had to juy it for if he did not p y it he would lose the support of the mugul ip con n sept withou which he could not have carried New York of Connecticut. On demand of the muguimps he paid this debt in full when he reappointed Pearson postmuster of New York and his ggin to the treatury coupled v th the councement that the reappointment of Pearson must not be taken as a precedent made at perfectly clear that (evel nd was paying off the Mugwamp debt when he relieved Pearson Et half to be juid some

day and the cooner the better Cleveland came into office crowled with provate debts like the nugwunn support that could only be ilquidated by a pre ent of public honors. Bus concession satisfied the pride of the mugwarms, who were early more—free traders than they were early servee reformers and so they were contented until Cleveland begun to piece and displace men to renominate himself and then Cleveland's free tride message stilled every mugnump as completely as if he had been reme abered to fix extent of 710 in Cleveland s w I Cleveland went into [ other in debt pad his debt to mugnum t reformer and cymical quid-man in the sinue coin be appointed both elements to office But Harrison came into office out of per south debt of a policial sort owed nothing to min.wan p support ic owed nothing to factions in the party ic had accepted the platform as his political bible with the protest if tright of private in terpretation. Harrison knew when he be came president that the great offices of the collector and postmaster of New York had been worked for all they were worth for the perpetuation of the democratic party. he knew that I carson was a riese prisite ing re-sible mugwimp tool of tackder a file diministration a past to he rule pole seas is to the helison the joe with has replaced him you ugard ive all dire publicin on the a ground that the combined power of a very contact that the denocate policities the conference and a flence in ground to should be placed in the hand of the idner utation that is in power

### THE I MATHII | NEST I STION

I is not possible to a commute with the preprinc ples the ir act on of the jene al govern ment in matters of the gridiest importance connected with Indian reservations. Years ago General Miles underfook up that of Columbia river It dans who occupied the northern portion of Eastern We hington The chief Move ) was reported to be its it issued and it ble to let his warriers it as the war path General Miles set for I n it is succeed d in ju flying the wive of least and all his peop e promised to so on the Covide reservation and give, at their car Theories of the covider kirdly agreed to have his peop e accept latels in severalty and the rest of the rese vition (Colvilia) was to be cut up for other tribes | This arrange to be cut up for other tribes. This arrange ment was invorable to the last degree at 1 of course was accepted. The involve was a waiting for congress to 1 f and congress du not act. Meat time. Mo es and his yogale were ready to abside their he ald. I become go to Colville. There were survives to be made houses to be our totalism and his ments to be turn, bed, south and all sections. true that the rights of these in the triverale were trained it by one of the worst in or one you that on gress could be guilt of and for veirs the Ind ns wer less at

should recogny to the first at should recogny to the extraction of the first that the first the was also not all the first the watched matter at the meetite of year meet to release the first that the f race The United 1 he we entrope he the same state of the receivation contain from each thereto, need relies are esting for government to use the rallon to not the model to not the model to not the railor model to not a not to the railor model to not a not to the railor model. mod tin ar a but the the r pishing ago in common to verify the Indians them exes have been in the first though they have the dvartage of temp on the rown receivated in the test privilege of farming it as far i mig evel. They would do much better however if they had then it own lands surveyed and allotted and quand make needed improvements of a permanent. character but they have waited and wated have been promised the and up it set nothing is done. It is a great group committed or a cole who are straing to mitted or a cole who are straing to mit possible and the set of the possible and calless them to be a faith in the Roserte cut main a calless them to be faith in the Roserte cut main to the set of the possible cut main to be set of the possible cut main the set of the possible cut maintains the set of the possible cut mainta men a a cale sthem to less faith in the government and the first promise. Another real to the finantial eye is present in the transfer to of the white real first and first conspread mits othe limitate event and has a direct or hing or to high in few 2 definition. A product on a high in few 2 definition.

famile Appealation or least tell and reogle to white growth age to commence familing flow menths age to could have taken hold like the first in garlens this spring but he seed in the commence of the seed in the commence of the seed in the see garlens this spring but it research the second of 1889 has gone and no crops can be great it it is unnecessary to prolong the cattern it the world must see that great wo may be not done the Indiana and moreover the water seamed do o Pend'e on feels outraged and all of Oregon sympathics with har misfortness. The continual demand of Bristern Oregon and especially the Pendletin journals for honest settlement with the indians and for throwing open the remainder of the reservation for the occupancy of white men is only

Newspaper**archive**®

reasonable, and our congressmen and all others from this coast should emphasize the wish of our people ly their endorsement and assistance

Another fact of the matter is that the reservation occupies the football country that is the most fertile soil and best watered of all that region. It is peculiarly variable, and produces so wonderful y as to be considered a miracle of ferthity by very thing cours res to make Pendleton ver, annous and the in thans resides. The povernment should keep its latest promise as soon as possible and at any re isonable cost

### WOLMONS IN CANADA

Among the most persistent such and prace cally unconquerable force with which the government threat and a community in a restricted sense his hid to deal is the crued. based upon the tenets of to cultismich in t elaborated in the llook of Mornon fine estice thy obnoxion reature of this reced is that which sets its all dudes at variance with the law of organized society in the suiction of plurid marriages and it is this feature prominer ce by exciting opposition to it

Industrious painstaking and frugat the concers of this belief have faced the wilder ness industried and excell it to term with plenty. Took has apparently no dread for then a rigo ois climite no terror and Bolation is coveted rather than shunned Two years ago a colony of about - Xty of these people went North in Bagons pushing their was into Manitola. They did not ston on the borders but advince I mland until they found a lovely but lonely place remote from the settlements where they halted patched their tents and began the task of her re-building. Mindful of the trot ble and at novance caused in the United States by people of this class the Canadam authorities. have kept a watchful eye upon these cok-nuts with a view to descove the quality of e tranship that they propose ob my to the territory before their numbers become so large as practicilly to defy externanation or In the brul time that they nave been established in the rinew home these people have turned the wilderness the ut them into a perfect garden they have raised one good erep have comfortable dwellings for themselves and sheds for their steck are on et and peaceable and yet the officer de tuled to watch and report upon their move ments recommends that decisive ster be it

onec taken to prevent the growth of their ect in Carabi In this prompt action there is wisdom The virtues with which these people are acendited taken in compute on with their cain persistent del recoffaw in bernatter of polygumy renders them difficult to control follow as unituitherit are not factors. of a oath white industry and energy even wher upflied to that which is unlawful and defices rost until able in a few years to make a showing of strength that puzzle law mak er and nall less the dicrees of courts. In vested with the prote tion accorded to re-ligious belief and supported by the analy-vestures that wall upon eac only solviety and toil the disciples of Joseph Snith ire able to defa the social conditions upon which the finity and stille are formed a nore or openly violate the law framed for the proper regulation of these and thrive and wax arrog int in their defiance

This has been the extendence of the United States government in define with the e-quarier pectable w breaker and ( in id) is wise in deciding that she wants none ( ) it. is wise in deciding that she wants none ( ) it. The colory eater it is intended for an enter to wedge in all the pair for the arms that when the way and eater will with that it is not that the force of the pair to the series of these pairs follow after the table of the series of th

lire of a certain provide uniting no noise Is the way who attains the end for which he sets out and it is chiefly to the fact that Mormons as one individual pursue his course that they have long been this to n intain openly in a t ritory of the United States in obnovious source feature in their creed in defiance of federal law. The

their nothe North Aries on herem might be called the plea of the hunted against the han er. This could minded Chin in missul course was recepted. The matter was a winding for congress to 1 f and congress dut not act. Mear time Mo es and he specific mande matter that the matter was a winding for congress to 1 f and congress dut not act. Mear time Mo es and he specific workers to be such as the matter in the state that conduct the time of the matter was absoluted of the matter and the rold 1/re might not consider the matter in the matter in the matter of the matter in th

> no v ting the est being a standarg menarch to republican in fitutions and Christian ev-17 it i this Chire c critic answers that during the lest 100 years not an illion of thin chiveler thin; that migrations be that the priviles are or rue o trenet that the advituror Chiese who empre all are confied to Canton and its outly no intrite In a wert the charge that no netters that were title thingeth the Chi ce manifest shave a question at a like i eve he is less bright and spect with work to the New York. This he that the Strong more than the government of the Chi is color, were prely tenevolent is contained that he had frequently attended their meetings in Leonal moseon riperk from many in Leonal moseon riperk from many that the last leonal moseon riperk from th years experience is a missionary in Clina. To the charge that the Comese have no deric for progress the misswer is returned that in the last lifteen years the Chinese govern ment has educ ted a great many students in 1 u ope and An er ea has built arsenals and n vy yed est 1 i hed schools and ca leges on F ir jean mobils di cip intol in army that has accessfully ought the thouse of left in mee of I users he created a bet in the whole within America own to his his put my through our dispersible with mid-103 tel B. ### A Statement by the Mother and Sisters of the Late I rs. Holladay.

They State That Gen. Ingalls Exercised Undue Influence Over the Mind of Mrs Holladay ın Her Digese

Mrs. Harriot B Campbell the mother and Mrs. Maria A Smith, and Mrs. Mary D L Barnhart, the s'sters of the late Mrs. Ren. Hol aday peakerday sent TR. Oregovian the following letter, which is their answer to the statements of Gen. Rufus Ingalls, published in yester law apaper. The communication local the signatures of the three ladies named, and is as follows.

wo get the mother and sisters of the late Mrs sen Hollads; and have read with pain the state touts made by demental lugalls in the Telepant of esterdar, and in The Orangonian of this more

yesterday, and in Thy Obsoban of this morning.

Inder the circumstancis we does it our duty to state as briefly as we can a few facts at this time, that the rublic may know what mainter of man this is who appears so victuously indignant. We feel sure that when the whole truth comes out he will be do a head in shame units as many tell us he is took to all sense of human ty or decency. We know perfectly well as do many others that had his lost to all sense of human ty or decency. We know perfectly well as do many others that had his Holinday been left to her own collidon is entire would have wanted to coral langually to come here and take charace of her uffalles. In fact, the soft very woon after Mr Holinday steath that any wished Mr o. W. We dier to he in ragent. At his time, Mr Cha is thick of feel and the fitted of come the history to the result of the softler of the Holinday family here and also where, neged ther to have feel correct langualls for her against and prevailed upon her to here him lat that expand the holinday and here to he we have to be a feel of the decent langually as the time, and when the shown to thing was indirect to present Mrs Holladay as he did by the general hims of

ind as an "old Betty," Who kin we no more of as wort of business than her little boy Benny as wort of business than her little boy Benny When sensend lugally came here, in 1887, one of 8 Holladiny a sisters was attending to the house ld, devoting nearly all not time, as a labor of c, to the interest of her sister. But it was not ig before constant linguish draws her away from thouse with insult and contumely and usurped pretice command. It was not very long there or until complete dominent on the poor woman 8 assured. Her visits to our thouse which meet the only surlight of her life, created meet the only surlight of her life, created with the surlight of the rife, created within with his sea, as growed to the control of the worth with the season of the control of the worth with the little was read it was correctly not went in the little was read it was correctly not sea the little was stored by one of her and the Etter have mothing of it. Accord is it was sent to be ut once by, one of her and and the season to her she, as was petted distributed all knowledge of it and get like to all Mary to pay no attention to not did she Mary visited her shater soon for whee a stake the face of the results of the correct of the co

and from its appearance written most press in .

Detest r.

see ms to have nad a copy of the confidential written by before to Judge De ady showing by chought is he had real author was and the of control he kept over its present.

Its last letter to Mary the attled language of that a mercent is used in at reference, is to the first letter writin by control linguists of thand showing the general's duplicity and thus therefore you will walk my lawtin to the first letter writin by the state of the first letter writing to the first letter writing to the first letter writing the state of the first letter writing the state of the first letter writing the state of the first letter will walk my lawtin or the first letter with the state of the first letter will be a state of the stat usual time the sisters having been banished, was left the mether. Mrs. (ampbel) who to see her daudith, teneral legals fol-her into the room, graffly, with his hat on folladry was not well, nor had suc been for time.

would help them. All this Mrs. Campbell de-ited.

HE STOPMED AND BLASPHEMED.

General ingails stormed and bin-pho-med term ily and left the room in a 1822, and three Lampbell.

Ollowed soon after and lagalls stood ustaids on the porch talking to the children runner. He called her into the office and said a runner. He called her into the office and said a runner. He called the run to the office and said of the softened tone that he would like to be her form.

His language and treatment toward hor was the sause of hit not going again to the houst. The mother did not go now and none of the family went and they were bedefund by death.

Gauval lagalls no we led us how how said sho was, nor sent a message for any of us to come out loward the last he, we heard, sent for Mrs.

those who are meaned to them on earth as he came between Mrs. Holindra and are me her and states. The day he assumed charge of Mrs. Holindra and the meaner was nothing but the writness affects there was nothing but the writness affect to be two not ween Mrs. Holindra was those of earddance and love. It seems to have been indumentally as a sisters. Our relations was those of earddance and love. It seems to have been those in a part of the seems to have been those in the seems to high the seems of the relation as he did "at least days of their mother's life." In the method to not departed daught to this their life, has method to our departed daught to the their life, has method to departed daught to the their life, and our purpose to entire into a pewspaper confrovers, with teameral linglife. We have said this much but one and proven, in justice to our freeds and

WORK ON THE CABLE RAILWAY Arrival of Mr Holmes and Mr Sims-Operations To Be Pushed at Once

Mr Howard C Holmes, engineer of the Port land Cable Railway Company arrived here yes terday from San Francisco accompanied by Mr J F. bims, who will superintend the construction of the road Work was begun a short time ago on the engine house for the road and Mr Holmes brings bids

house for the road and Mr. Holmes brings buls for the necessary machinery. There are to be two 24x4s engines, of about 360 horse-power such, making seventy five revolutions per minute, the cable running at the rate of about eight miltes per hour. The engines will be run alternately. There will be two cables, one from the engine house to the end of byring street, and the other down Jefferson and Fulls streets to H. The road is to be a double track and flest class in every respect and Mr. Holmes who has been over the route is condient it will pay from the start. been over the route is confident it will pay from the start.

Mr Sima had charge of the construction of the Powell street cable, rend San Francesco which was constructed by Mr Holmes and is well qualified for superintending this work. He will have from 200 to 300 men at work by Ma; 1 and the work will be pushed to champication as speedily as possi

ble
The road will be an easy one to build, there belng it w obstructions to containd with In build
inc the Powell street road Mr. Holmes says \$40 000

other roads. In it to be crossed at large expense
None of these expenses will have to be incurred
have

None of these expenses whithere to be incorrection.

Mr. Holmes is interested in a cable road-being built at Epokane Falls to be run by wrater power. He leaves for spokane batturds; arising did did has time between Fortland and that fown w. He the roads are being built. Mr. Lynch who is gue eral manager of the road here will be here about

### ROBBED OF \$1300 IN A SALOON

A Kan From Mississippi Indulges in the Spark hag Beverage, and His Money Leaves Him

A man manuel Cook husing from Missassi pi, arrived in Portland in company with some triunds last Mot its morning, and before the was in the city twenty sour beauts he had the misforcione to part with all his money—a little over \$1.00—in a minimum that gives him cause, to relike?

Cook, upon his mirthal at once went out into the country a short distance he youd Me unit Tabor to load at once with part of the country as a minimum that he had a large time death. the country a shard distance hayond Mcunt Tahor to look at some timber land. He returned early in the Coening, and had some hunch at the first chants hotel where he was staying. Mer he had caken I obstick for a wash my fine stay and which he is a need the corner of Third and D being utracted by the discording station of some musical instrument played that he had he had not maked with a few drinks. He drank expect by the had been described by the last he membered until he regained one-countries in the Micrelants hotel next morning.

Officer Brauch bid picked him up ising on the well washout a flock away from there and took him to the hotel. It he needless to say that all of cook's money was gone. He had two \$500 bills and \$400 in smaller bills enclosed in an envelope that he carried in his inside vest pocket besides small change in his purisy ocket. Not a centiwas found on his peison when he was taken to the Merchanit botel.

Merchants botel Within the past few days numerous complicits but to been made to the authorities regarding for character of that saloom it is stated that no less than three men have been robbed there within a very abort period of time. One a Stockman is said to have been taken from then to the City Park and relieved of some 6000 or 700.

### IMAGINES HIMSELF SHOT

R B. Sullivan's Queer Phase of Insanity-He

A men giving his name as it B Sulli no was arrested near Third and D streets by Officer Foss early yesterday morning, and booked at the city full on a clairge of insaulty Sullivan who is a man not over 2-1 ears of age, was leaboring under the delusion that he was complettly riddled with builtes. He was conficiently riddled with builtes. He was conficiently asking for a hard kerchief with which to whee away the sangularity fluid, which he imagined was flowing in copious streams from currently his sullivant. Recented with which to wipe away the sangulnary fluid, which he imagined was flowing in copious streams from numerous bolds in all pairs of his body. He was taken to the count; jail later in the day, and a complaint was flied significant birm, charging him with being insane.

Speaking to a reporter he said that he had all analy come from Coyote on the line of the O R & N Co, in hastern Oregon, where he held the position of chief operator or station again. He loft Coyote a few months ago, going, to The Dalles and from there was on his way to California, which he was interespect by a message read that he was interespect by a learner back. One is the murder case as the fourtured so I came land, but he was interespect and the linear read and her last inglet. A man threw a large rock at a woman and I heard her shall crack. Suffix an talked in greaternest and were it not for the rambing nature of his conversation no one would auspect him of being insane. Indge Catlin will cause an investigation to be made in the case to-day.

THE CONGRESS

Enjoy the Luxuries of the Millionaire by Patron ising the Congress Tonsorial Parlors

One of the finest tonsorial parlors in Portland, One of the finest tousons parlors in Fortland, if not on the coast is the Congress located at No 10 Stark street. Base parlors have only been just opened by Robert 1 Schmidt an artist in his lue, who, for aime years previous to his coming to Fortland, beid a chair in the Flanter's house ton sortal parlors, St Louis. In the fitting and furnishing of the Congress me expense whatever has been spared. The chairs are the revolving from gress the only ones on the coast of the kind and the latest ond most expensive in the market libe, are highly finished in natural cherry and off. The combination exhibite work stand was made appearing to Mr Schmalz's order in the Fist and is by far the finest of the kind on the coast it is the natural black walnut polished in the finest hard oil finish and fitted wit he best Talain marble. The high lack slitting chairs are the latest things out by the Oregon Formitine Company having been put on the market for the first time only last saturday and are beautifully finished in autique oak polished in oil. The signs of the establishment were made in 81 Louis and are seen of the finest unparted and domestic logars and fine tobacco. The control location of the new parlors, or the control location at the new parlors, together with Wr behmalz's seventum years experience at the chair, will un doub edly markethis the popular to sort its and see the new place.

PENNOYER IS UNHAPPY.

Even Judge Boise Would Not Sustain His Railroad Commission. The New Act Went Into Effect When Passed Cyar

the Governor's Veto-Full Text of

the Dec ston BALEN April 10.—The writ of mandamus asked for by W. H. Biggs, one of the would be raifrond commissioners appointed by Governor Pennover, to compel the secretary of state to pay him a soil are as such effect commissioner, was overruled restricted by Judge Bosse of this judicinel district Mitting in chambers. Following is the full text of Judge Bosse decision.

yesterdary by Judge Boose of this juddend district mitting in chambers. Following is the full text of Judge Bouse's decision.

In the Greent Court of the State of Oregon for Marion County at Chambers, April 2, 1882—W. H. Higgs, plaintid, vs. George W. McBride, derendant—Thus he may plication for a writ of mandering to require the defendant, who is seen try of state and auditor of public accounts, to audit and all ow plaintiff the anim of \$277.77, which plaintiff chambers are not stated in the state of the state. Plaintiff chambers are not of the state. Plaintiff chambers are not of the state. Plaintiff chambers are not of the state of the plaintiff chambers are not of the state of the plaintiff chambers and alleges as cause of demurror that the pott on of polintiff dues not state farts sufficient to entitle lim to the relief prayed for in his petition. As the court takes part and knowledge of the sets of the legislative department of the state, it is called on to construct an act passed at the last session of the legislature which smeads the said act of kebruary, 1882, and provides for the legislature and if in force at the date of plaintiff's uppointment it would make that appointment void. The art amendment he act of Tebruary 18—was passed rebrinary 20, 1854, over the veto of the population of the act of the proposed would green't cand to be mell the people of the state and the interest of the proposed would green't cand to be mell the people of the state and the rest of the order of the state and the rest of the large that and the mander the proposed. The constitution provides that no aesthall release of the call of the extend the call of the extended to call of the extended to call of the extended the call of the extended to call of the extended the call of the extended the call of the extended to call of the extended the call of the extended to call of the extended to call of the ext

DEVELOPMENT OF THE MINES A Montana Man Considers Portland a Good --

cation for a Smolter

Mr J K Clark, who has been arosident of Montans for the past twenty five vacure the last office of which he has spent at Butte, and who during all the time, he has been in the text for some time. He says industry and mining has been in the city for some time. He says industry when he went to Butte fifteen pears ago there were only two mills, of fax and text fattops respectively there, and now they work 4600 tons of ore per day. And Anacon la which is about half as much, which is carried there by rail from near Butte on account of their being cheap fuel and good water power there and there is now

which shoult twently the miles distant works about that seemath, which is carried there by stal from mear fluits on account of their being them that fluits are considered the second of the count of their being them are fluits on account of their being them are fluits on account of their being them are fluits of about the other and there is now a town that of about 100 people, mostly on the fluits try favorably impressed with Portland and the climate of this section, and considers this case of freight on ores can be obtained for the orection of another of the point where there are made that has an advantage in being much nearer than may of the points where there are smellers. The fluit has an advantage in being much nearer than may of the points where there are smellers than my of the points where there are smellers than the seed what was the organic of the carry that the might be obstat by the interesting that the might be obstat by the interest of certain the seed what was the organic of the carry and minute district. When saked what was the organic of the carry at the minute district. When saked what was the organic of the carry at the minute district.
